How to achieve "Tesla-Speed"

"Next Level Agility can lead to unprecedented results.
Start with Joe DX."

Agile DNA
Simple rules of the road.

Be Data-Driven in Real-Time
AI-driven transparency enables trust and focus.

Prioritize growth over profit
Spend money to improve as fast as you can afford.

Contract for Innovation
Commit to improvement, share data, and update production every week.

Swarm in Small Teams
and use home-grown AI to accelerate!

Digital Management
AI replaces time-consuming budgeting, management, and approval processes.

Optimize for change
Modular design & aligned organization for independent, continuous optimization

Self-Management
Look at the AI, decide what to work on. Anybody can propose improvements.
